

**Parcel Tax
Public Data
Fiscal Year 2021/2022**

How to find your parcel tax

- 1) Find your street name
- 2) Find your street number (if no number listed, look at parcel number or mailing address on file)
- 3) The next column shows the tax applied to the parcel

Notes

The other columns show how the County Tax Assessor has classified your property and parcel number. For Commercial parcels, the tax amount is determined by \$350 + square footage times \$0.14 which includes all buildings by either 1) building permit history or 2) aerial survey of building size(s). If there appears to be an error, please contact the County so that they can fix it. If you wish to appeal the parcel tax rate, you may do so (see below).

Appeals

Owners may appeal the tax levy by sending a letter to:

Graton Fire Protection District
Board of Directors
PO Box A
Graton, CA 95444-A

attn: tax levy

Please include your parcel number, address of the parcel, rationale for changing the tax levy, and mailing address to send the response. The Board will typically evaluate tax levy appeals at the next regular board meeting on the 2nd Tuesday of each month at 7pm at the Graton Fire Station.
